Marzadro Grappa

100 days of uninterrupted work, 24 hours per day, from September to December, during which tons of freshly selected pomace is distilled each day. This pomace comes from the best classical vineyards of Trentino, planted in soils where climatic conditions are optimal for their cultivation. The raw material is initially carefully selected and controlled by Andrea Marzadro. The pomace is brought to the Distillery wort-dripping to preserve the organoleptic characteristics of the vineyard of origin. In this manner, the fragrances and aromas are maintained, and then enhanced with efficient conservation systems, to keep the intensity intact. The distillation takes place in alembics using the traditional “discontinuous bain-marie” system belonging to the Trentino culture. The alembics are hand-made out of copper and, thanks to the properties of this metal, an excellent heat conductor, the characteristically peculiar fragrances and aromas are enhanced to their maximum. Each phase of the Grappa production is monitored through a computerised control system which does not allow the pomace to undergo sudden changes in heat, thus maintaining a constant temperature, which is what makes Marzadro Grappas so smooth and fragrant. Sophisticated technology and artisan care thus fuse harmonically to guarantee an absolutely superior quality.

Menodiciotto

Menodiciotto ice creams, or 'gelati' as they would be called in Italy, are made in Turin in the beautiful Piazza Castello and have been awarded "Master del gusto" by the Slow Food Movement.

Our selection are all Gluten Free without artificial preservatives, colouring or GM ingredients.

We hope you will enjoy our selection from Menodiciotto.

A truly delicious and genuine Italian gelato.

Grazie

Please inform us of any allergies that you may have
- thank you -
